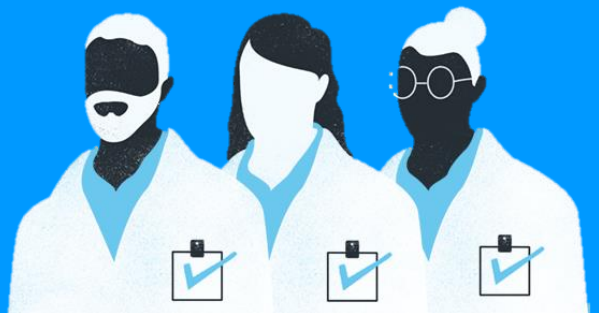
Our vision is to shape the futures of 1 million people by the end of **2020**



#NHS TRUSTS ARE FINDING THEY ARE ABLE TO TRAIN STAFF IN 50% QUICKER TIME USING ONEFILE.

"Sandwell & West Birmingham Hospitals NHS Trust began its journey with eportfolios back in 2014 where we initiated a change in our centre processes with OneFile. It took a little time to embrace the new style of assessing, but after 3 years all our staff are completely converted – they love the many benefits OneFile brings."

"If you're looking for an eportfolio, be prepared, embrace change and you won't look back!"
